

Arnage Coat rail

Design Emmanuel GALLINA

ARNAGE PC IT

The ARNAGE collection is an "image" range for fitting out office areas. It is structured around a single profile with elegant die cast aluminium corners – the designer's artistic signature.

The first example of the range is the set of coat rails, which attracts by the purity of its lines and a sober, balanced design in the service of function. To be used with FILO or PI hangers (see pages 159 and 161). It is complemented by a wall-mounted mirror for perfect seamlessness in reception halls or cloakrooms. Made in epoxy coated steel and aluminium.

Wall mounted mirror - ARNAGE MI

L 600 - H 600 - D 40 mm
Screw hardware included.

-  01 White
-  51 White RAL 9010
