

ARD-08 Planter connecting two benches to create a 90° angle, WISA wood

Planter for joining two benches, creating a 90° angle.

Round metal planter structure on a base of marine plywood (WISA), made of thin sheets joined together by hot presses. Highly resistant and durable, it is lightweight, rigid and resistant to breakage, deformation and moisture.

With adjustable feet to adapt to possible unevenness in the ground.

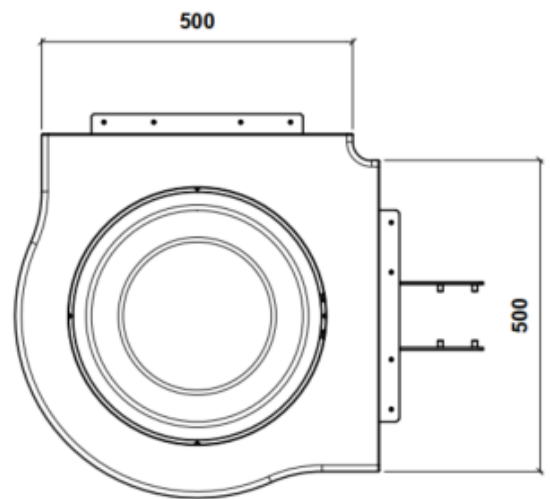

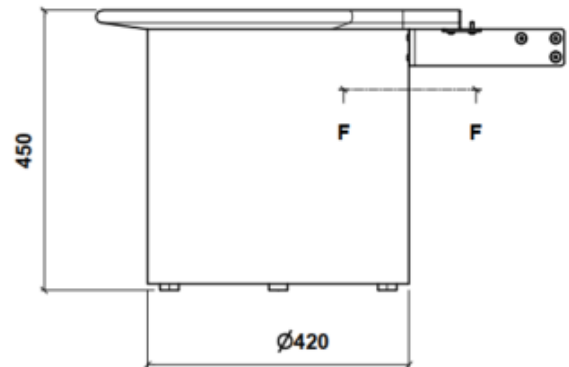

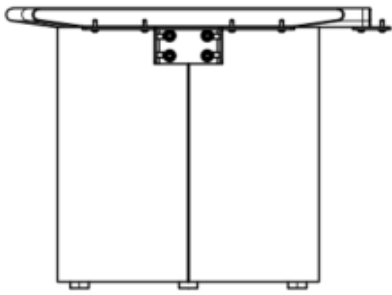

Metal parts with a beige RAL 1019 epoxy architectural-quality painted finish, highly resistant to corrosion. A cataphoresis treatment is applied before painting to give maximum protection to the piece for outdoor use.

Dimensions: 500 x 500 x 450 mm

Maintenance: No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.
