

ARD-09 Planter connecting two benches at 180° angle, WISA wood

Planter for joining two benches, creating a 180° angle.

Round metal planter structure on a base of marine plywood (WISA) made from thin sheets bonded together using hot presses. Highly resistant and durable, it is lightweight, rigid and resistant to breakage, deformation and moisture.

With adjustable feet to adapt to possible unevenness in the ground.

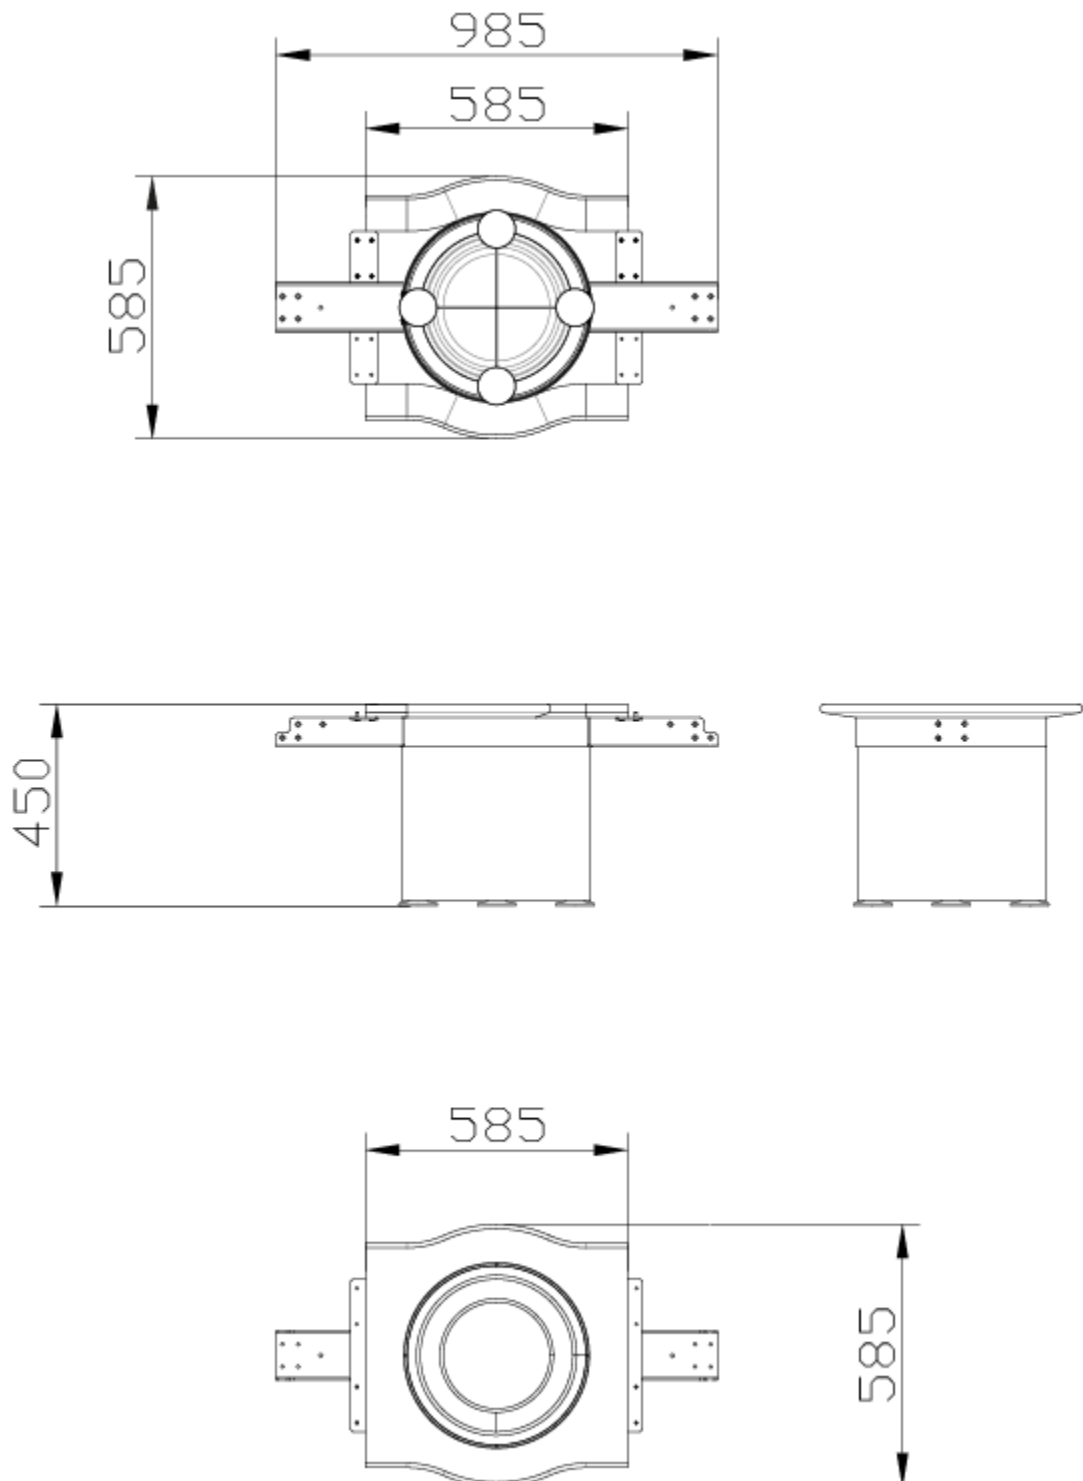

Metal parts with a beige RAL 1019 epoxy architectural quality finish, highly resistant to corrosion. Cataphoresis treatment is applied before painting to provide maximum protection for outdoor use.

Dimensions: 985 x 585 x 450 mm

Maintenance: No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.
