

## GAIA-06 120 cm square planter with high base

38 x 38 x 120 cm square metal planter with rounded corners.

Body and base made of 1.5 mm steel.

The body is supported on a  $\varnothing 40 \times 1,5$  mm steel base with a 6 mm steel base, making the planter sturdy.

Inside it contains 4 high quality injected plastic pots of  $\varnothing 18$  cm of 2,5 litres capacity with a square bottom plate to collect water.

Finished in architectural quality epoxy paint, highly resistant to corrosion.

On the lower part of the base there are 4 rubber plugs to prevent the base from marking the floor.

**Dimensions:** 380 x 380 x 1200 mm.

**Maintenance:** No functional maintenance required. Cleaning recommended with a neutral product and a damp cloth.
