

KAI-o6 Waste bin 90 l. with head and waste vinyl

Body made of 1 mm steel sheet finished in architectural anti-corrosion paint, colour to be determined.

Hinged upper head made of 1.5 mm epoxy painted steel. The upper part has a square-shaped hole of approx. 200 x 200 mm. for use without having to open the lid.

Bag-holder ring made of steel plate painted in anthracite-coloured epoxy.

Bright polished stainless steel base.

Transparent front window made of polycarbonate and coloured vinyl identifying residue on the front of the body.

Dimensions: 349 x 349 x 840 mm.

Capacity: 90 litres

Maintenance: No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.

Fire resistance: Due to the characteristics of its all-metal materials, the container can be classified as V0.
