

KAI-22 Simple umbrella stand with plinth

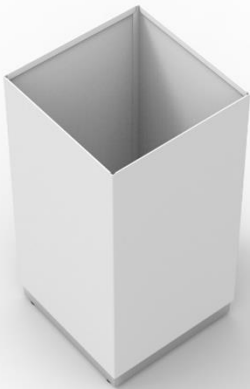

Simple metal umbrella stand with plinth.

1 mm steel body. Plastic injection inner bucket to collect the rest of the water.

Body painted in architectural quality epoxy, highly resistant to corrosion.

Body supported on a 3 cm high plinth in satin-finish stainless steel

In the lower part of the base it incorporates 4 non-slip rubber studs to avoid direct contact with the ground.

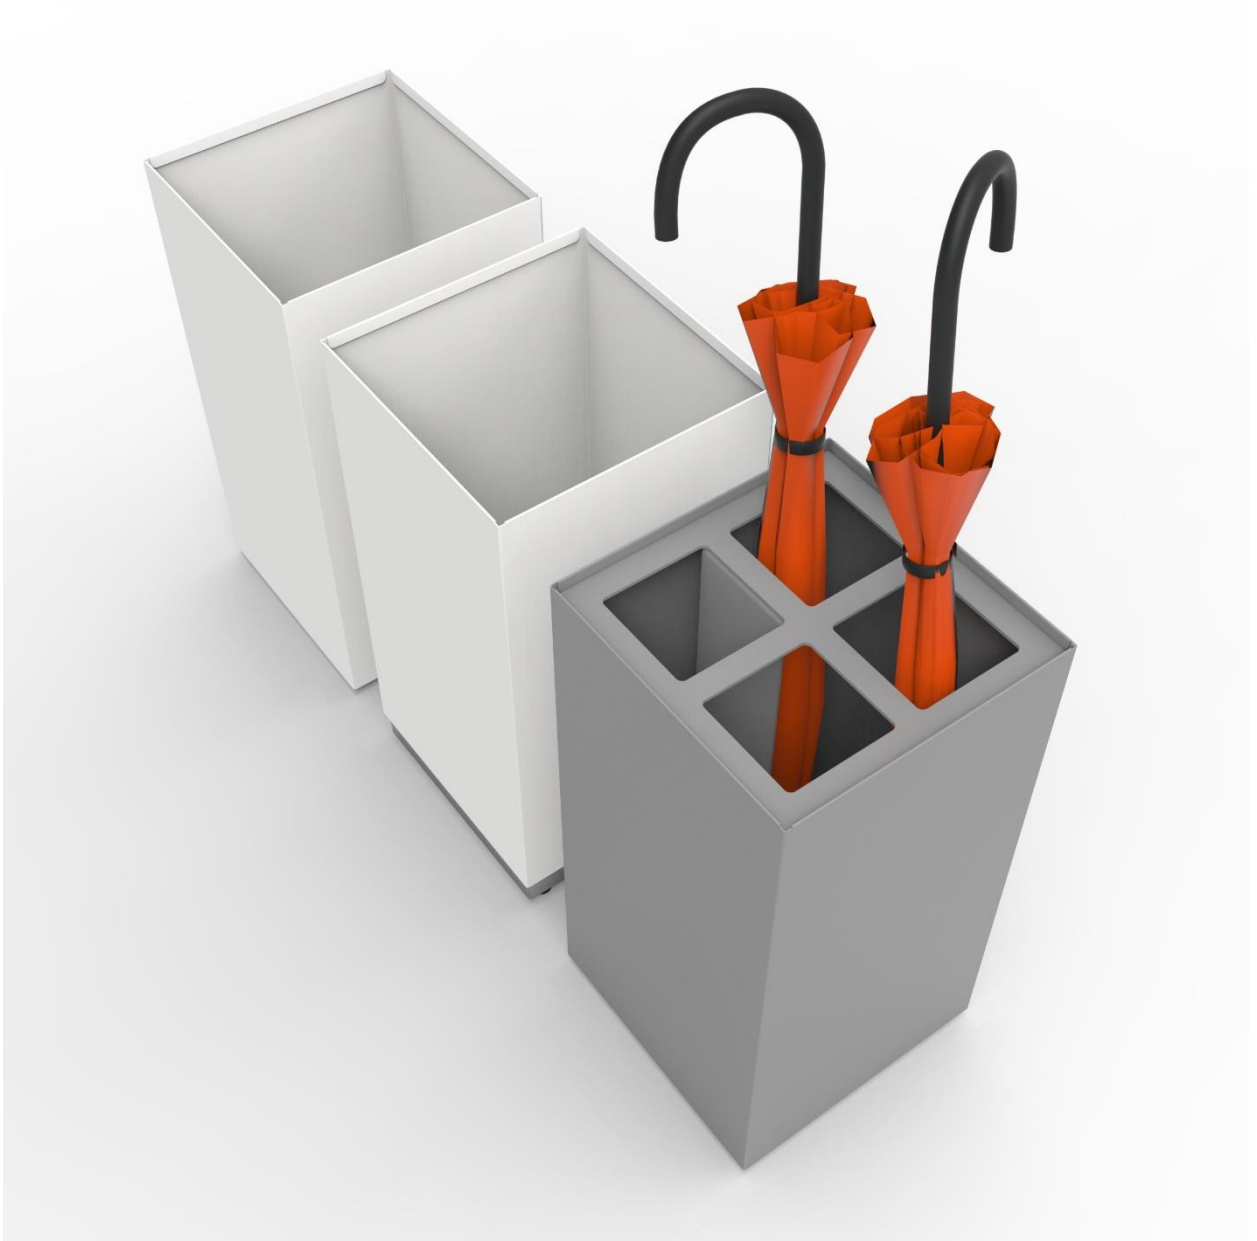

Dimensions: 249 x 249 x 500 mm.

Maintenance: Does not require functional maintenance. Recommended cleaning with a neutral product and a damp cloth.
