

## KRA-03 Waste bin 230 litres front opening and hopper

Metallic litter bin, for indoor use, with front hopper opening and door.

Body and front opening in 1 mm steel with a 3 mm steel base that gives the bin stability. 1 mm thick stainless-steel hopper.

Steel door with lock, folding by means of two hinges.

It has a bag holder ring made of 3 mm steel plate with ring supports attached to the body.

Vinyl residue identification colour placed on the door (possibility of adapting to graphics at the request of the property).

Head and door finished in zinc and epoxy painted depending on the colour of the residue. Hopper satin finish.

3mm steel base. thick, galvanized and painted epoxy in the oven, with levellers.

**Dimensions:** 489 x 529 x 1055 mm.

**Capacity:** 230 Litres

**Functional maintenance:** It does not require functional maintenance. Recommended cleaning with a neutral product and a damp cloth.

**Fire resistance:** Due to the characteristics of its totally metallic materials, the container can be classified as V0.
