

KRA-07 60-litre waste bin with narrow opening

KRA-05

KRA-06

KRA-07

Metal waste bin for indoor use with top opening.

1 mm steel body with 3 mm steel base for stability.

2 mm steel top with option of waste colour finish if required.

Three top options available:

KRA-05: 1 square opening 180 x 180 mm

KRA-06: 2 circular openings $\varnothing 90$ mm

KRA-07: 1 narrow opening 210 x 50 mm.

Hinged front door with recessed handle and magnetic closure, made of 1 mm steel, allowing the bag to be removed.

It has a bag holder ring made of 3 mm steel plate with ring supports attached to the body.

All elements finished in anti-corrosion architectural paint, colour to be determined.

The base has 4 levellers to adjust the bin in case of slopes and/or uneven floors.

Vinyl waste identification colour placed on the door (possibility of adapting to graphics at the request of the owner).

Dimensions: 300 x 300 x 680 mm.

Capacity: 60 litres.

Functional maintenance: No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.

Fire resistance: Due to the characteristics of its entirely metallic materials, the container can be classified as V0.
