

## MINA-02 Waste bin with lid

Metal waste bin with 15 litres.

Steel body with non-slip rubber studs at the bottom to avoid direct contact with the ground.

It incorporates a bag-holding ring made of repulsed aluminium.

Body and ring painted in architectural quality epoxy, highly resistant to corrosion.

**Dimensions:** ø255 x 328 mm.

**Capacity:** 15 litres

**Maintenance:** Does not require functional maintenance. Recommended cleaning with a neutral product and a damp cloth.

**Fire resistance:** Due to the characteristics of its totally metallic materials, the container can be classified as V0.
