

MOMO-o3 OUTDOOR 3-compartment waste bin 135 l.

Large capacity metal waste bin for outdoor use, allowing for the selective collection of 3 types of waste (45+45+45 l).

The main body is made of 1 mm stainless steel and is reinforced internally with two welded $\varnothing 12$ shafts. It includes 4 sliders on the bottom to facilitate movement of the bin during maintenance operations.

Triple 1.5 mm stainless steel head with $\varnothing 150$ mm circular holes. Hinged opening system to facilitate bag removal.

Inside there are three separate removable bag holder rings made of 2 mm stainless steel plate.

Vinyl stickers can be added to each of the holes to indicate the different types of waste.

Architectural-quality epoxy paint finish, highly resistant to corrosion: grey body and black lid.

Dimensions: 750 x 220 x 869 mm.

Capacity: 135 litres (45+45+45 l).

Functional maintenance: No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.

Fire resistance: Due to the characteristics of its all-metal materials, the container can be classified as V0.
