

## MOMO-12 Two-compartment waste bin

Large capacity metal waste bin for outdoor use, which can be fixed to the ground, allowing for the selective collection of two types of waste.

The main body is made of 1 mm stainless steel and is reinforced internally with two welded  $\varnothing 14$  mm shafts. It has two feet that raise the bin off the ground.

Double head made of 1 mm stainless steel with  $\varnothing 150$  mm circular holes. Hinged opening system for easy removal of bags.

Two removable plastic bins are placed inside.

Vinyl stickers are incorporated into each of the holes in the head to indicate the different types of waste.

Architectural-quality epoxy painted finish, highly resistant to corrosion.

The bin is designed with materials suitable for outdoor use.

**Dimensions:** 1240 x 340 x 800 mm.

**Capacity:** 78 litres (39+39 l.)

**Functional maintenance:** No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.
