

MOMO-21 Recycling bin with ashtray

Large capacity metal waste bin for outdoor use, allowing for selective waste collection.

It incorporates a 2 mm steel ashtray fixed to the structure with a stainless steel extinguisher.

The main body is made of 1 mm stainless steel and is reinforced internally with two welded ø14 mm shafts. Two feet raise the bin off the ground.

Double 1 mm stainless steel head with a ø150 mm circular hole. Hinged opening system for easy bag removal.

A removable plastic tray is placed inside.

A vinyl sticker is incorporated into the hole in the head to indicate the type of waste.

Finished in architectural-quality epoxy paint, highly resistant to corrosion.

The bin is designed with materials suitable for outdoor use.

Dimensions: 515.5 x 340 x 800 mm.

Capacity: 39 litres.

Functional maintenance: No functional maintenance required. Cleaning recommended with a neutral product and damp cloth.
