

VISNU-01 Wall waste bin 30 litres

Rectangular metal waste bin with a capacity of 30 litres.

Steel body incorporating a shaft for the placement of the bag-holder ring. The body has a drainage hole to prevent the accumulation of leaking liquids.

Folding steel plate bag-holder ring for easy removal of the inner bag.

Hinged top cover with rectangular hole.

Body and cover finished in epoxy paint, colour to be determined (possibility of identifying the cover in the colour of the waste).

The body has front vinyl for waste identification.

Dimensions: 368 x 228 x 400 mm.

Capacity: 30 litres.

Maintenance: No functional maintenance required. Cleaning recommended with a neutral product and a wet rag.

Fire resistance: Due to the characteristics of its all-metal materials, the container can be classified as V0.
