

VISNU-o2#1 Wall waste bin with ashtray

Wall waste bin with 24 litre capacity and ashtray.

Body made of steel with welded support at the top to house the removable ashtray in satin-finish stainless steel.

The ashtray has an anti-theft system.

It has a steel basket that can be tilted at the front to make it easier to remove the bag from the bag-holder ring, by means of a magnetic attachment at the back (neomidium magnet).

All the brackets are made of stainless steel (including the visible ones, painted in the same colour as the rest of the components).

Finished in high resistance epoxy paint for outdoor use, Ral 9005 textured black colour.

Dimensions: 401 x 220 x 679 mm.

Capacity: 24 litres.

Maintenance: No functional maintenance required. Cleaning recommended with a neutral product and a wet rag.

Fire resistance: Due to the characteristics of its all-metal materials, the container can be classified as V0.
