

## WON-21 Waste bin 140 litres

Large capacity waste bin, for 1 residue only, metallic and with visibility of the interior content.

2 mm thick stamped aluminium head with high resistance architectural paint finish, colour to be determined by the owner. The head is attached to the body by means of two metal hinges, which prevent the head from closing accidentally when changing bags.

Rhomboidal expanded mesh body with 2 mm thick stamped aluminium base, with internal ballast for greater stability.

Bag-holder ring made of steel rod Ø 6 mm, finished in highly resistant architectural type paint, textured anthracite colour.

All components are cataphoresis treated and finished with architectural quality epoxy polyester paint for greater resistance.

**Size:** ø540 x 840 mm.

**Capacity:** 140 litres

**Maintenance:** No functional maintenance required. Cleaning recommended with a neutral product and a wet rag.

**Fire resistance:** Due to the characteristics of its all-metal materials, the container can be classified as V0.

## WON-21 Waste bin 140 litres

Possibility to choose the colour of the head according to the residue
